ROAR STREET JOURNAL

Roar Street Animation

Sometimes, I feel we are spoiled by the beautiful computer animation today.

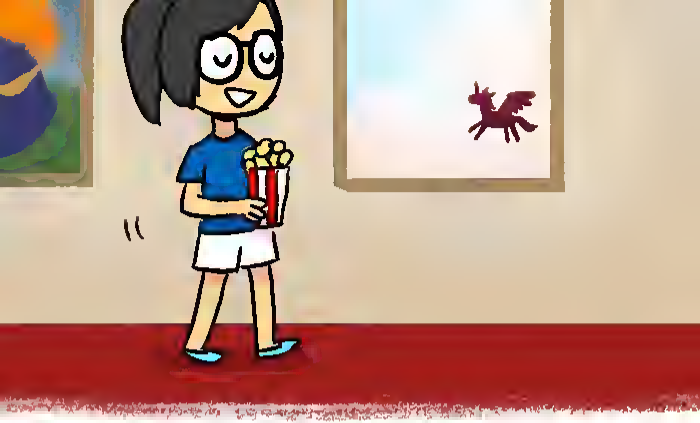
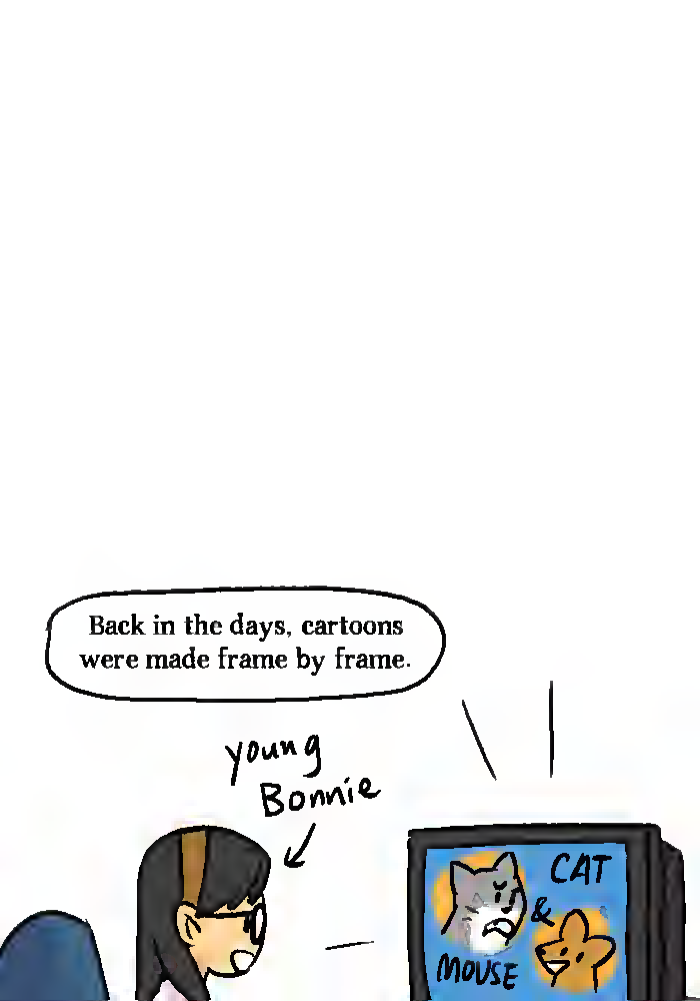
FINDING BONNIE



We are lucky to be born in this era, to be able to enjoy all the pretty things...
DESPICABLE B



Back in the days, cartoons were made frame by frame.

Only when I studied in university did I truly learn how cartoons are made.
24 frames per second!

So in this episode,
I want to do a little experiment.

I have no experience in making animations, but...

I drew 160 frames!!

...and I hate cream cakes.

Please also send birthday wishes to

my mum who brought me to this world!

And you too, dad!
